

OF&G Quality Manual	RD232 Producer Conversion Plan and Inspection Form 12 – Poultry Production
Linked Documents:	

To be completed by all producers with poultry

Name of Producer		Registration No.	
-------------------------	--	-------------------------	--

Poultry - Conversion and General Details		Producer's answers	Inspector's comments
12.1	Are you proposing an organic layer or table bird enterprise?		
12.2	What species of bird are you proposing to keep?		
12.3	Are the flocks to occupy land subject to a derogation for a reduced conversion for non-herbivores?		
12.4	What date are you hoping to produce organic eggs or organic table birds?		
12.5	How many poultry houses are you proposing to have and what will be the number of birds in each house?		
12.6	Are you an existing poultry producer?		
12.7	If an existing producer will you be converting the existing housing or constructing new?		
12.8	Are you planning to supply a specific company with your poultry products, if so state whom?		
12.9	Will the poultry need inspecting to the OF&G Standard or the OF&G Partnership Programme Standard?		

As it is unlikely that you know the exact specification of your poultry unit at this stage, please be aware that you will be required to complete an additional poultry form just prior to starting organic production. Please see OF&G Control Manual 8.8.29 to 8.10.48 for the poultry standards you will need to comply with.
